UNITED STATES
DEPARTMENT OF THE INTERIOR
FISH AND WILDLIFE SERVICE
Washington, D. C.

THE LIBRARY OF THE
UNIVERSITY OF ILLINOIS
MAR 1 1950

VOL. IV, No. 11-12

LIBRARY BULLETIN

NOVEMBER-DECEMBER 1949

NOTE: The Library Bulletin of the Fish and Wildlife Service is terminated with this issue. On January 4, 1950 this Library was combined with other Library collections to form the Department of the Interior Library. As soon as practicable, the Interior Department Library will issue a list of acquisitions. You will be asked at that time whether or not you wish to receive it.

Recent Accessions

ARACHNIDA

Chamberlin, Joseph C.

...New and little-known false scorpions from various parts of the world (Arachnida, Chelonethida), with notes on structural abnormalities in two species. New York, 1949. 57 p. illus. (American Museum of Natural History, New York. American Museum novitates, no. 1430) QH1.A14

BIOLOGY

Poznanski Towarzystwo Przyjaciol Nauk,
Posen. Wydzial Mat matyczno-
Przyrodniczy. Komisja Biologiczna.
Prace Komisji Biologicznej. Tom XII.
Zeszyt 1. Poznan, 1949. 137 p. Q60.P86

Rigg, George B.

...Intertidal plant and animal zonation in the vicinity of Neah Bay, Wash. San Francisco, 1949. p. 323-351. illus. (California Academy of Sciences, San Francisco. Proceedings. Fourth series, vol.26, no. 10) Q11.C253

BIRDS

Altini, Giuseppe.

...L'attivita dell'Osservatorio Ornitologico della Mesola nel quinquennio 1936-1940. Bologna, Tipografia compositori, 1942-XXI. 116 p. (Bologna. Universita. Laboratorio di Zoologia Applicata alla Caccia. Ricerche di zoologia applicata alla caccia compiute col contributo del Ministero dell'Agricoltura e delle Foreste e della Federazione Italiana della Caccia. No. 18) English, French, German, and Italian summaries. SK351.B69

Altini, Giuseppe.

...Repertorio degli inanellamenti e delle riprese dell'Osservatorio ornitologico Ligure negli anni dal 1936 al 1940. Bologna, Tipografia Compositori, 1942-XX. 44 p. (Bologna. Universita. Laboratorio di Zoologia Applicata alla Caccia. Ricerche di zoologia applicata alla caccia compiute col contributo del Ministero dell'Agricoltura e delle Foreste e della Federazione Italiana della Caccia. No. 17) English, French, etc. summaries. January 1899

January 1899

The first of the year was a very successful one for the Society. The first meeting was held on the 1st of January, and was attended by a large number of members and friends. The business of the year was transacted, and the annual report was read. The report showed that the Society had been very successful in its work during the year, and that the funds were in a healthy state. The meeting was adjourned until the 1st of February.

The second meeting was held on the 8th of January, and was also attended by a large number of members and friends. The business of the year was transacted, and the annual report was read. The report showed that the Society had been very successful in its work during the year, and that the funds were in a healthy state. The meeting was adjourned until the 1st of February.

The third meeting was held on the 15th of January, and was also attended by a large number of members and friends. The business of the year was transacted, and the annual report was read. The report showed that the Society had been very successful in its work during the year, and that the funds were in a healthy state. The meeting was adjourned until the 1st of February.

The fourth meeting was held on the 22nd of January, and was also attended by a large number of members and friends. The business of the year was transacted, and the annual report was read. The report showed that the Society had been very successful in its work during the year, and that the funds were in a healthy state. The meeting was adjourned until the 1st of February.

The fifth meeting was held on the 29th of January, and was also attended by a large number of members and friends. The business of the year was transacted, and the annual report was read. The report showed that the Society had been very successful in its work during the year, and that the funds were in a healthy state. The meeting was adjourned until the 1st of February.

FISHES AND FISHERIES (Cont'd)

Neave, Ferris.

...Game fish populations of the Cowichan River. Ottawa, 1949. 32 p. illus. (Canada. Fisheries Research Board. Bulletin no. 84) QH301.C23

Netherlands (Kingdom) 1815- Departement van economische zaken. Afdeling visscherijen.

...Jaarcijfers over de visserij, gedurende het jaar 1947. 's Gravenhage, 1949. 80 p. (Its Verslagen en mededelingen, no. 38) SH276.M42

Norway. Fiskeriministeriet.

Fiskeri-beretning for året 1948. København, 1949. 149 p. SH267.A2

Nova Scotia fisheries yearbook, 1948-1949.

Nova Scotia, published by authority of Hon. Harold Connolly, Minister of Trade and Industry [1949?]- v. SH224.N6N6

Office Scientifique et Technique des Peches Maritimes, Paris.

...Bibliographie analytique des publications de l'Office scientifique et technique des peches maritimes. Largentiere (Ardeche), Imprimerie Humbert & Fils, 1948. 72 p. (Its Notes et rapports (Nouvelle serie) no. 3) SH1.05

Poulsen, Erik M.

Seine fishery for small herring and sprat in the Limfjord. (In Report of the Danish Biological Station to the Ministry of Agriculture and Fisheries. XLIX. 1946. QH301.D2 vol. 49

Rhode Island. Dept. of Agriculture and Conservation. Division of Fish and Game.

Report of the Division of Fish and Game for calendar year 1948. Providence, 1949? 19 p. SH11.R4 1948

Schaeperclaus, Wilhelm

Textbook of pond culture. Rearing and keeping of carp, trout and allied fishes... Berling, 1933. 260 p. illus. (U.S. Fish and wildlife service. Fishery leaflet 311) Translated from German by Frederick Hund.

Scotland. Home Department.

...Report on the fisheries of Scotland 1939-1948. Edinburgh, 1949. v. SH259.A32

Suehiro, Yasuo.

On the physiological action of balloonfish poison. Honolulu, T.H., 1949. (U.S. Fish and wildlife service. Pacific Oceanic Fishery Investigations. Translation no. 40) Translated from Japanese by W. G. Van Campen. SK361.A2T7

Supreme commander for the Allied Powers.

Aquatic resources of the Ryukyu area. Washington, D. C., 1949. 54 p. illus. (U.S. Fish and wildlife service. Fishery leaflet 333) SK361.A2F4

Syme, John D.

Fish and fish inspection. Foreword by Jack C. Baker. 162 p. illus. London, 1949. SH331.S9

Takahashi, Nisuke.

On the order Plecostei established by Dr. Kishinouye. Honolulu, T. H., 1949. (U.S. Fish and wildlife service. Pacific Oceanic Fishery Investigations. Translation (from the Japanese by W. G. Van Campen) no. 36. SK361.A2T7

Tauchi, Morisaburo.

Three papers on the stocks of tunas in Japanese waters. Honolulu, T. H., 1949. (U.S. Fish and wildlife service. Pacific Oceanic Fishery Investigations. Translation (from Japanese by W. G. Van Campen) no. 35) SK361.A2T7

Tavolga, William N.

Embryonic development of the platyfish (Platypoecilus), the swordtail (Xiphophorus), and their hybrids. New York, 1949. 165-229 p. illus. (Bulletin of the American Museum of Natural History, vol. 94, art. 4) QH1.A12

FISHES AND FISHERIES (Cont'd)U. S. Congress. House. Committee on Merchant Marine and Fisheries.

Elimination of salmon traps in the waters of Alaska. Hearings on H. R. 1515, 81st Cong., 1st sess. Washington, D. C., 1949. 117 p. SH348.A4

U. S. Congress. Senate. Committee on Foreign Relations.

The fisheries conventions. Hearing, 81st Cong., 1st sess. on ratification by U.S. of various fisheries conventions. Washington, 1949. SH351.T8U5 1949d

U. S. Fish and wildlife service.

...Fishing and fisheries (Brazil). Washington, D. C., 1949. 12 p. (Its Fishery leaflet 349) SK361.A2F4

U. S. Fish and wildlife service.

...United States per capita consumption of fishery products. Washington, D. C., 1949. 10 p. illus. (Its Fishery leaflet 352) SK361.A2F4

U. S. Fish and wildlife service.

...The use of rotenone as a fish poison. Washington, D. C., 1949. 8 p. illus. (Its Fishery leaflet 350.) SK361.A2F4

U. S. Fish and wildlife service. Pacific Oceanic Fishery Investigations.

Report of investigations of skipjack and tuna resources, no. 1 (1947). Fisheries experimental station. Honolulu, T. H., 1949. (Its translation no. 33) Translated from Japanese by W. G. Van Campen. SK361.A2T7

U. S. Office of Technical Services. Industrial Research and Development Division.

Utilization of Alaskan salmon cannery waste ... [n.p., n.d.] 2 pts. illus. (Its Contract no. Cac-47-17, Report no. 1-2, December 1947-48) SH349.U5

Venezuela. Laws, statutes, etc.

...Fishery regulations of Venezuela, including a section on import duties for products connected with the fishing industry. Translated by R. O. Smith. Washington, D. C., 1949. 26 p. (U.S. Fish and wildlife service. Fishery leaflet 338) SK361.A2F4

Vesey-Fitzgerald, Brian S.

Game fish of the world. Edited by Brian Vesey-Fitzgerald ... and Francesca Lamonte ... New York, 1949. 446 p. illus. QL615.V45

Washington (State). Dept. of Fisheries.

1948 annual report. Seattle, 1949. 163 p. illus. SH11.W2A2

Washington (State) Legislature.Interim Committee on Fisheries.

Report on problems affecting food fisheries of the State of Washington by House and Senate Interim Committees on Fisheries. Olympia, 1949? 59 p. illus. SH11.W33

Watanabe, Masao.

Cases of poisoning by the reef fish Lutjanus Vaigiensis. Honolulu, T. H., 1949. (U.S. Fish and wildlife service. Pacific Oceanic Fishery Investigations. Translation No. 41). Translated from Japanese by B. M. Shimada. SK361.A2T7

Yasukawa, Takashi.

1934 report of an investigation of poisonous fishes within the jurisdiction of the Saipan branch of the government-general. Honolulu, T. H., 1949. (U.S. Fish and wildlife service. Pacific Oceanic Fishery Investigations. Translation (from Japanese by W. G. Van Campen) no. 39) SK361.A2T7

FOOD

Great Britain. Dept. of Scientific and Industrial Res. Food Investigation.

Food science abstracts. Vol. 21, no. 6, November, 1949. London. p. 357-428. Z5776.F7G8

Great Britain. Dept. of Scientific and Industrial Research.

Index to the literature of food investigation. Vol. 17, no. 2. London, 1949. p. 105-182. Z5776.F7G7

Great Britain. Dept. of Scientific and Industrial Research. Food Investigation Board.

Report of the Food Investigation Board with the report of the Director of food investigation for 1947. London, 1949. 21 p. TX360.G7A4 1947

GAME AND GAME BIRDS

Hunter, Gilbert N.

The personal interview method of obtaining information on game and fish resources. Final report, federal aid project 36R. Denver, 1949. 56 p. illus. (Colorado. Dept. of Game and Fish. Current report 24, August, 1949) SK375.H9

Kansas. Forestry, Fish and Game Commission.

Twelfth biennial report, June 30, 1948. Topeka, 1948. 44 p. SH11.K2

New Mexico. Dept. of Game and Fish.

Annual report. 37th fiscal year, 1948-1949. Santa Fe, 1949. 16 p. SH11.N6

North Dakota. State Game and Fish Department.

Annual report, 1948-1949. Bismarck, 1949. 67 p. illus. SH11.N9

INSECTS

Barr, William F.

...A revision of the species of the genus Polycesta occurring in the United States (Coleoptera, Buprestidae). New York, 1949. 42 p. (American Museum of Natural History, New York. American Museum novitates. No. 1432.) QH1.A14

Carriker, Melbourne A.

...On a collection of Mallophaga from Guam, Marianas Islands. Washington, Smithsonian Institution, 1949. 24 p. illus. (Proceedings of the U. S. National Museum. Vol. 100, no. 3254. Q11.U55

Fluke, Charles L.

...Some Alaskan Syrphid flies, with descriptions of new species. Washington, Smithsonian, 1949. p. 39-54. illus. (Proceedings of the U. S. Nat'l Museum. Vol. 100, no. 3256) Q11.U55

Hottes, Frederick C.

...A new species belonging to the genus Myzocallis (Aphididae). (In Proceedings of the Biological Society of Washington. June 20, 1949. v. 62, p. 105-108) QH301.W32

Hottes, Frederick C.

...Some obscure aphid species. (In Proceedings of the Biological Society of Washington. August 23, 1949. v. 62, p. 159-60.) QH301.W32

Hull, Frank M.

...The morphology and inter-relationship of the genera of syrphid flies, recent and fossil. London, 1949. 257-408 p. illus. (Translations of the Zoological Society of London. Vol. 26, pt. 4) Q11.Z72

Water pollution research. Summary of current literature. London, 1949. Vol. 21, no. 12, Dec. 1948. Abstracts nos. 1397-1488 and Index to Vol. 21. p. 265-343. TD420.G7A2

U. S. Fish and Wildlife Service.

Water temperature records from California's central valley, 1939-1948. Washington, D. C., 1949. 77 p. (Its Special scientific report: fisheries, no. 2) SK361.A2S7f

CHAPTER 1

The first part of the book is devoted to a general introduction to the subject. It begins with a discussion of the importance of the subject and the scope of the book. The author then discusses the various methods used in the study of the subject and the results of these studies. The book is divided into two main parts: the first part is devoted to a general introduction to the subject and the second part is devoted to a detailed study of the subject.

The second part of the book is devoted to a detailed study of the subject. It begins with a discussion of the various methods used in the study of the subject and the results of these studies. The book is divided into two main parts: the first part is devoted to a general introduction to the subject and the second part is devoted to a detailed study of the subject.

CHAPTER 2

The second part of the book is devoted to a detailed study of the subject. It begins with a discussion of the various methods used in the study of the subject and the results of these studies. The book is divided into two main parts: the first part is devoted to a general introduction to the subject and the second part is devoted to a detailed study of the subject.

The third part of the book is devoted to a detailed study of the subject. It begins with a discussion of the various methods used in the study of the subject and the results of these studies. The book is divided into two main parts: the first part is devoted to a general introduction to the subject and the second part is devoted to a detailed study of the subject.

The third part of the book is devoted to a detailed study of the subject. It begins with a discussion of the various methods used in the study of the subject and the results of these studies. The book is divided into two main parts: the first part is devoted to a general introduction to the subject and the second part is devoted to a detailed study of the subject.

CHAPTER I

The first part of the book is devoted to a general survey of the subject. It begins with a definition of the term "philosophy" and a discussion of its history. The author then proceeds to a discussion of the various branches of philosophy, including metaphysics, epistemology, ethics, and political philosophy. The second part of the book is devoted to a more detailed examination of the various branches of philosophy. It begins with a discussion of metaphysics, which is the study of the nature of reality. The author then discusses epistemology, which is the study of knowledge. This is followed by a discussion of ethics, which is the study of morality, and finally, a discussion of political philosophy, which is the study of the nature of the state and the rights of the citizen.

REPORT

1907

1907

The first part of the report deals with the general conditions of the country during the year. It is found that the weather was generally favorable, and the crops were well advanced.

The second part of the report deals with the progress of the various departments. It is found that the work has been well advanced, and the results are satisfactory.

The third part of the report deals with the financial statement. It is found that the income has been well maintained, and the expenses have been kept within the limits of the budget.

The fourth part of the report deals with the personnel of the various departments. It is found that the staff has been well maintained, and the results are satisfactory.

The fifth part of the report deals with the general remarks. It is found that the work has been well advanced, and the results are satisfactory.

The sixth part of the report deals with the conclusions. It is found that the work has been well advanced, and the results are satisfactory.

Monday March 4
1902

March 4, 1902

Left at 8:00 AM for the office. The morning was very cold and foggy. Arrived at the office at 8:30 AM. The first thing I did was to check the mail.

By 9:00 AM the fog had cleared a little. I went to the bank to deposit some money. The bank was very busy.

After lunch I went to the post office to see about some business. I was there until 4:00 PM. Then I went home.

In the evening I wrote some letters. I also read some newspapers. I went to bed at 10:00 PM.

The day was very busy. I had a lot of work to do. I was tired when I went to bed.

I had a very good day. I did all the work I had to do. I was happy.

I had a very good day. I did all the work I had to do. I was happy.

I had a very good day. I did all the work I had to do. I was happy.

REPORT

ON THE

PROGRESS OF

The following report contains a summary of the work done during the year 1900. It is divided into two main parts, the first of which deals with the general progress of the work, and the second with the results of the various experiments. The first part is divided into three sections, the first of which deals with the general progress of the work, the second with the results of the various experiments, and the third with the conclusions drawn from the results. The second part is divided into two sections, the first of which deals with the results of the various experiments, and the second with the conclusions drawn from the results. The first section of the first part deals with the general progress of the work, and the second section of the first part deals with the results of the various experiments. The first section of the second part deals with the results of the various experiments, and the second section of the second part deals with the conclusions drawn from the results. The first section of the first part deals with the general progress of the work, and the second section of the first part deals with the results of the various experiments. The first section of the second part deals with the results of the various experiments, and the second section of the second part deals with the conclusions drawn from the results.

THE HISTORY OF THE
CITY OF BOSTON

BY SAMUEL JOHNSON

1790

The city of Boston, situated on a neck of land between the harbor and the bay, was first settled by the English in 1630. It was then a small town, and its growth was slow and gradual. The first settlement was made by a group of Puritan ministers and their families, who came to the city to establish a colony. They were joined by other settlers, and the town grew into a city.

The city of Boston was the first of its kind in America. It was a city of commerce and industry, and it was the center of the New England trade. The city was the first to have a harbor, and it was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

The city of Boston was the first to have a city government. The city was the first to have a city hall, and it was the first to have a city court. The city was the first to have a city government, and it was the first to have a city hall.

THE JOURNAL OF THE
ROYAL SOCIETY OF MEDICINE

The Journal of the Royal Society of Medicine is a quarterly publication which contains original research papers, clinical reports, and reviews of current medical literature. It is one of the leading medical journals in the world.

The Journal is published by the Royal Society of Medicine, which is a learned society of medical professionals. The Society was founded in 1825 and has since then been a leading body in the medical profession.

The Journal is edited by a committee of experts in various medical fields. The committee ensures that the papers published in the Journal are of high quality and represent the latest developments in medicine.

The Journal is available to members of the Royal Society of Medicine and to libraries. It is also available to non-members on a subscription basis. The subscription price is £100 per annum.

The Journal is published in four volumes per annum. Each volume contains 12 issues. The issues are published in March, June, September, and December. The Journal is published in English.

The Journal is a valuable source of information for medical professionals. It provides a comprehensive overview of the latest research in medicine and is essential reading for all medical practitioners.

The Journal is published by the Royal Society of Medicine, which is a learned society of medical professionals. The Society was founded in 1825 and has since then been a leading body in the medical profession.

CHAPTER I

The first part of the book is devoted to a general survey of the subject. It begins with a definition of the term "philosophy" and then proceeds to a discussion of the various branches of the subject. The author then discusses the history of philosophy, from the ancient Greeks to the modern era. He then discusses the various schools of thought, from the Stoics to the modern philosophers. The book is written in a clear and concise style, and is suitable for both students and scholars.

The second part of the book is devoted to a detailed discussion of the various branches of philosophy. It begins with a discussion of metaphysics, and then proceeds to a discussion of epistemology, ethics, and politics. The author discusses the various theories and arguments of the different schools of thought, and then compares and contrasts them. The book is written in a clear and concise style, and is suitable for both students and scholars.

The third part of the book is devoted to a detailed discussion of the various branches of philosophy. It begins with a discussion of metaphysics, and then proceeds to a discussion of epistemology, ethics, and politics. The author discusses the various theories and arguments of the different schools of thought, and then compares and contrasts them. The book is written in a clear and concise style, and is suitable for both students and scholars.

OCEANOGRAPHY (Cont'd)

Munk, Walter H.

Increase in the period of waves traveling over large distances; with applications to tsunamis, swell, and seismic surface waves. n.p., n.d. p.198-217, illus. QA927.M9 (Reprinted in U.S.A. from Transactions of 1947 of the American Geophysical Union, v.28, no.2)

Internal waves in the Gulf of California. n.p., n.d. p.81-91, illus. (Contributions from the Scripps Institution of Oceanography, New series, no.123) QA927.M91

1. The first part of the paper is devoted to a general survey of the state of the country at the time of the discovery of gold in California. It describes the various mining districts and the progress of the gold trade. It also mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

2. The second part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

3. The third part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

4. The fourth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

5. The fifth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

6. The sixth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

7. The seventh part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

8. The eighth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

9. The ninth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

10. The tenth part of the paper is devoted to a description of the various mining districts and the progress of the gold trade. It mentions the discovery of gold in the Sierra Nevada mountains and the establishment of the gold mines in the Sacramento valley.

Les scolecithricidae (Copepodes pelag-
iques) de la baie d'Alger. Paris, 1945.
p. 113-170, illus. (Annales de l'Institut
Oceanographique. Nouv. ser., t. 21, fasc. 3)
GC1.I44

Surber, Eugene W.

Culture of *Daphnia*. Washington, 1949.
7 p. (U.S. Fish and Wildlife Service.
Fishery leaflet 331) SK361.A2F4

1. The first part of the report deals with the general situation of the country. It is a very interesting and informative study of the country's development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's development.

2. The second part of the report deals with the economic situation of the country. It is a very interesting and informative study of the country's economic development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's economic development.

3. The third part of the report deals with the social situation of the country. It is a very interesting and informative study of the country's social development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's social development.

4. The fourth part of the report deals with the political situation of the country. It is a very interesting and informative study of the country's political development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's political development.

5. The fifth part of the report deals with the cultural situation of the country. It is a very interesting and informative study of the country's cultural development. The author has done a great deal of research and has gathered a wealth of material. The report is well written and is easy to read. It is a valuable contribution to the study of the country's cultural development.

1890

1890

1890

The following is a list of the names of the persons who have been admitted to the membership of the Association since the last meeting of the Council, held on the 1st of January, 1890.

1. Mr. J. H. Smith, of New York.

2. Mr. W. B. Jones, of New York.

3. Mr. C. D. Brown, of New York.

4. Mr. E. F. Green, of New York.

5. Mr. G. H. White, of New York.

6. Mr. I. J. Black, of New York.

7. Mr. K. L. Gray, of New York.

8. Mr. M. N. Hall, of New York.

9. Mr. O. P. King, of New York.

10. Mr. Q. R. Lee, of New York.

11. Mr. S. T. Young, of New York.

12. Mr. U. V. Adams, of New York.

13. Mr. W. X. Baker, of New York.

14. Mr. Y. Z. Clark, of New York.

15. Mr. A. B. Evans, of New York.

16. Mr. C. D. Foster, of New York.

17. Mr. E. F. Gibson, of New York.

18. Mr. G. H. Harris, of New York.

19. Mr. I. J. Hunt, of New York.

20. Mr. K. L. Johnson, of New York.

21. Mr. M. N. Kelly, of New York.

22. Mr. O. P. Lewis, of New York.

23. Mr. Q. R. Martin, of New York.

24. Mr. S. T. Miller, of New York.

25. Mr. U. V. Moore, of New York.

26. Mr. W. X. Nelson, of New York.

27. Mr. Y. Z. Phillips, of New York.

28. Mr. A. B. Reed, of New York.

29. Mr. C. D. Scott, of New York.

30. Mr. E. F. Smith, of New York.

31. Mr. G. H. Taylor, of New York.

32. Mr. I. J. Thompson, of New York.

33. Mr. K. L. Turner, of New York.

34. Mr. M. N. Vance, of New York.

35. Mr. O. P. Ward, of New York.

36. Mr. Q. R. Webb, of New York.

37. Mr. S. T. White, of New York.

38. Mr. U. V. Wilson, of New York.

39. Mr. W. X. Wood, of New York.

40. Mr. Y. Z. Wright, of New York.

41. Mr. A. B. Young, of New York.

42. Mr. C. D. Adams, of New York.

43. Mr. E. F. Baker, of New York.

44. Mr. G. H. Clark, of New York.

45. Mr. I. J. Evans, of New York.

46. Mr. K. L. Foster, of New York.

47. Mr. M. N. Gibson, of New York.

48. Mr. O. P. Harris, of New York.

49. Mr. Q. R. Hunt, of New York.

50. Mr. S. T. Johnson, of New York.

51. Mr. U. V. Kelly, of New York.

52. Mr. W. X. Lewis, of New York.

53. Mr. Y. Z. Martin, of New York.

54. Mr. A. B. Miller, of New York.

55. Mr. C. D. Moore, of New York.

56. Mr. E. F. Nelson, of New York.

57. Mr. G. H. Phillips, of New York.

58. Mr. I. J. Reed, of New York.

59. Mr. K. L. Scott, of New York.

60. Mr. M. N. Smith, of New York.

61. Mr. O. P. Taylor, of New York.

62. Mr. Q. R. Thompson, of New York.

63. Mr. S. T. Turner, of New York.

64. Mr. U. V. Vance, of New York.

65. Mr. W. X. Ward, of New York.

66. Mr. Y. Z. Webb, of New York.

67. Mr. A. B. White, of New York.

68. Mr. C. D. Wilson, of New York.

69. Mr. E. F. Wood, of New York.

70. Mr. G. H. Wright, of New York.

71. Mr. I. J. Young, of New York.

72. Mr. K. L. Adams, of New York.

73. Mr. M. N. Baker, of New York.

74. Mr. O. P. Clark, of New York.

75. Mr. Q. R. Evans, of New York.

76. Mr. S. T. Foster, of New York.

77. Mr. U. V. Gibson, of New York.

78. Mr. W. X. Harris, of New York.

79. Mr. Y. Z. Hunt, of New York.

80. Mr. A. B. Johnson, of New York.

81. Mr. C. D. Kelly, of New York.

82. Mr. E. F. Lewis, of New York.

83. Mr. G. H. Martin, of New York.

84. Mr. I. J. Miller, of New York.

85. Mr. K. L. Moore, of New York.

86. Mr. M. N. Nelson, of New York.

87. Mr. O. P. Phillips, of New York.

88. Mr. Q. R. Reed, of New York.

89. Mr. S. T. Scott, of New York.

90. Mr. U. V. Smith, of New York.

91. Mr. W. X. Taylor, of New York.

92. Mr. Y. Z. Thompson, of New York.

93. Mr. A. B. Turner, of New York.

94. Mr. C. D. Vance, of New York.

95. Mr. E. F. Ward, of New York.

96. Mr. G. H. Webb, of New York.

97. Mr. I. J. White, of New York.

98. Mr. K. L. Wilson, of New York.

99. Mr. M. N. Wood, of New York.

100. Mr. O. P. Wright, of New York.

FISHES AND FISHERIES (Cont'd)

Perlmutter, Alfred, & Clarke, G.

Age and growth of immature rosefish (*Sebastes marinus*) in the Gulf of Maine and off western Nova Scotia. Washington, 1949. p.207-228, illus. (U.S. Fish and Wildlife Service. Fishery bulletin 45) SH11.A13

Petersen, Halvor.

Fremstilling af klipfisk. København, 1948. 9 p., illus. (Meddelelse nr.79 fra Fiskeriministeriets Forsøgslaboratorium) SH267.A35

Phillips, Julius B.

Growth of the sardine, *Sardinops caerulea*, 1941-42 through 1946-47. n.p., 1948. 33 p., illus. (California. Dept. of Natural Resources. Div. of Fish and Game. Fish bulletin no.71) SH11.C27

Prague. Ministerstvo Zemedelstvi.

Prispevek k vyzive a rustu pludku cejna velkeho. V Praze, 1948. p.43-68, illus. (Casove spisky Ministerstva Zemedelstvi. Rocnik, 1948. Svazek 117) QL633.C9P8

Vzrust okouna (*Perca fluviatilis* L.) v ceskych vodach. V Praze, 1948. 42 p., illus. (Casove spisky Ministerstva Zemedelstvi. Rocnik, 1948. Svazek 117) QL633.C9P8

Pottinger, S. R.

Packaging frozen fishery products. Washington, 1948. 10 p., illus. (U.S. Fish and Wildlife Service. Fishery leaflet 324) SK361.A2F4

Ribeiro, Carlos.

Nos mares do norte, cronicas de uma viagem de assistencia a frota bacalhoeira portuguesa na campanha de 1945. Porto, Edicoes Astra, 1947. 200 p. SH351.C5R5

FISHES AND FISHERIES (Cont'd)

Riemann, H

Undersøgelse over pakning af røget aal i olie (Packing of smoked eel in oil). København, 1948. 3 p. (Meddelelse nr.78 fra Fiskeriministeriets Forsøgslaboratorium) SH267.A35

Russell, Ralph.

Quarterly outlook for marketing fishery products, April-June, 1949. Washington, 1949. 8 p., illus. (U.S. Fish and Wildlife Service. Fishery leaflet 336) SK361.A2F4

Sandberg, Arthur M.

Foreign market notes--fish and fish products. Washington, 1948. 4 p. (U.S. Dept. of Agriculture. Office of Foreign Agricultural Relations. Foreign agriculture circular, Nov.24, 1948) FFP-2-48. HD9464.S34

The market for United States fishery products in western Europe. Washington, 1949. 22 p. (U.S. Dept. of Agriculture. Office of Foreign Agricultural Relations. Foreign agriculture circular, Feb.20, 1949) FFP-1-49 HD9464.S35

Schultz, Leonard P.

A further contribution to the ichthyology of Venezuela. Washington, 1949. 211 p., illus. (Proceedings of the United States National Museum, vol.99, no.3235) Q11.U55

Scofield, William L.

Trawling gear in California. n.p., 1948. 60 p., illus. (California. Dept. of Natural Resources. Div. of Fish and Game. Fish bulletin no.72) SH11.C27

South Australia. Fisheries and Game Dept.

Annual report for the financial year 1947-1948. Adelaide, 1948. 6 p. SH317.S7A3

Marshall, Nelson.

Preliminary investigations on the effects of commercial fishing on game fish in Lake Okeechobee and the St. John's River. Coral Gables, University of Miami, Marine Laboratory, 1946. 19 l. SH483.F3

The first part of the book is devoted to a general introduction to the subject of the history of the world. It begins with a chapter on the origin of life, and then proceeds to a chapter on the development of the human race. The second part of the book is devoted to a detailed account of the history of the world, from the beginning of time to the present day. It is divided into two main sections: the first section covers the period from the beginning of time to the fall of the Roman Empire, and the second section covers the period from the fall of the Roman Empire to the present day. The third part of the book is devoted to a discussion of the future of the world, and the role of the individual in that future. It begins with a chapter on the future of the world, and then proceeds to a chapter on the role of the individual in that future.

Steidle, Dean E.

Roots of human progress. State College, Penna., School of Mineral Industries, 1948. 20 p. (Pennsylvania State College Bulletin v. XLII, no. 35) HC55.S85

The first of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The second of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The third of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The fourth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The fifth of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The sixth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The seventh of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The eighth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The ninth of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The tenth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The eleventh of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The twelfth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

The thirteenth of the year was a very dry one, and the crops were much affected. The weather was very hot, and the crops were much affected.

The fourteenth of the year was a very wet one, and the crops were much affected. The weather was very cold, and the crops were much affected.

Oughton, John.

A zoogeographical study of the land
snails of Ontario. Toronto, 1948. 128 p.,
illus. (University of Toronto studies.
Biological series no. 57)

Sullivan, Charlotte H.

Bivalve larvae of Malpeque Bay, P.E.I.
Ottawa, 1948. 36 p., illus. (Canada. Fish-
eries Research Board. Bulletin no.
LXXVII) GF301.C23

MOLLUSKS (Cont'd)

Murtz, Charles B.

Mollusks of the Hueltin Lake expedition,
Keewatin, 1947. Philadelphia, 1949. 5 p.
(Notulae naturae of the Academy of Natural
Sciences of Philadelphia, no. 213) QH1.A23

MYRIAPODA

Hoffman, Richard L.

The identity of Apheloria coriacea
(Diplopoda, Xystodesmidae). New York, 1949.
6 p., illus. (American Museum novitates, no.
1405) QH1.A14

OCEANOGRAPHY

Bernard, Pierre.

Variation annuelle de la houle dans
l'Atlantique nord et l'Atlantique sud.
Monaco, 1948. 8 p., illus. (Institut
Océanographique. Bulletin no. 927) GC1.I45

Canada. Fisheries Research Board.

Pacific Biological Station, Nanaimo,
B. C.

Observations of sea water temperature,
salinity, and density on the Pacific coast
of Canada. Volume VI, including data from
1944 to 1945. Nanaimo, B.C., 1948. 105 numb.
1., map. GC161.C212

International Council for the Study of the
Sea.

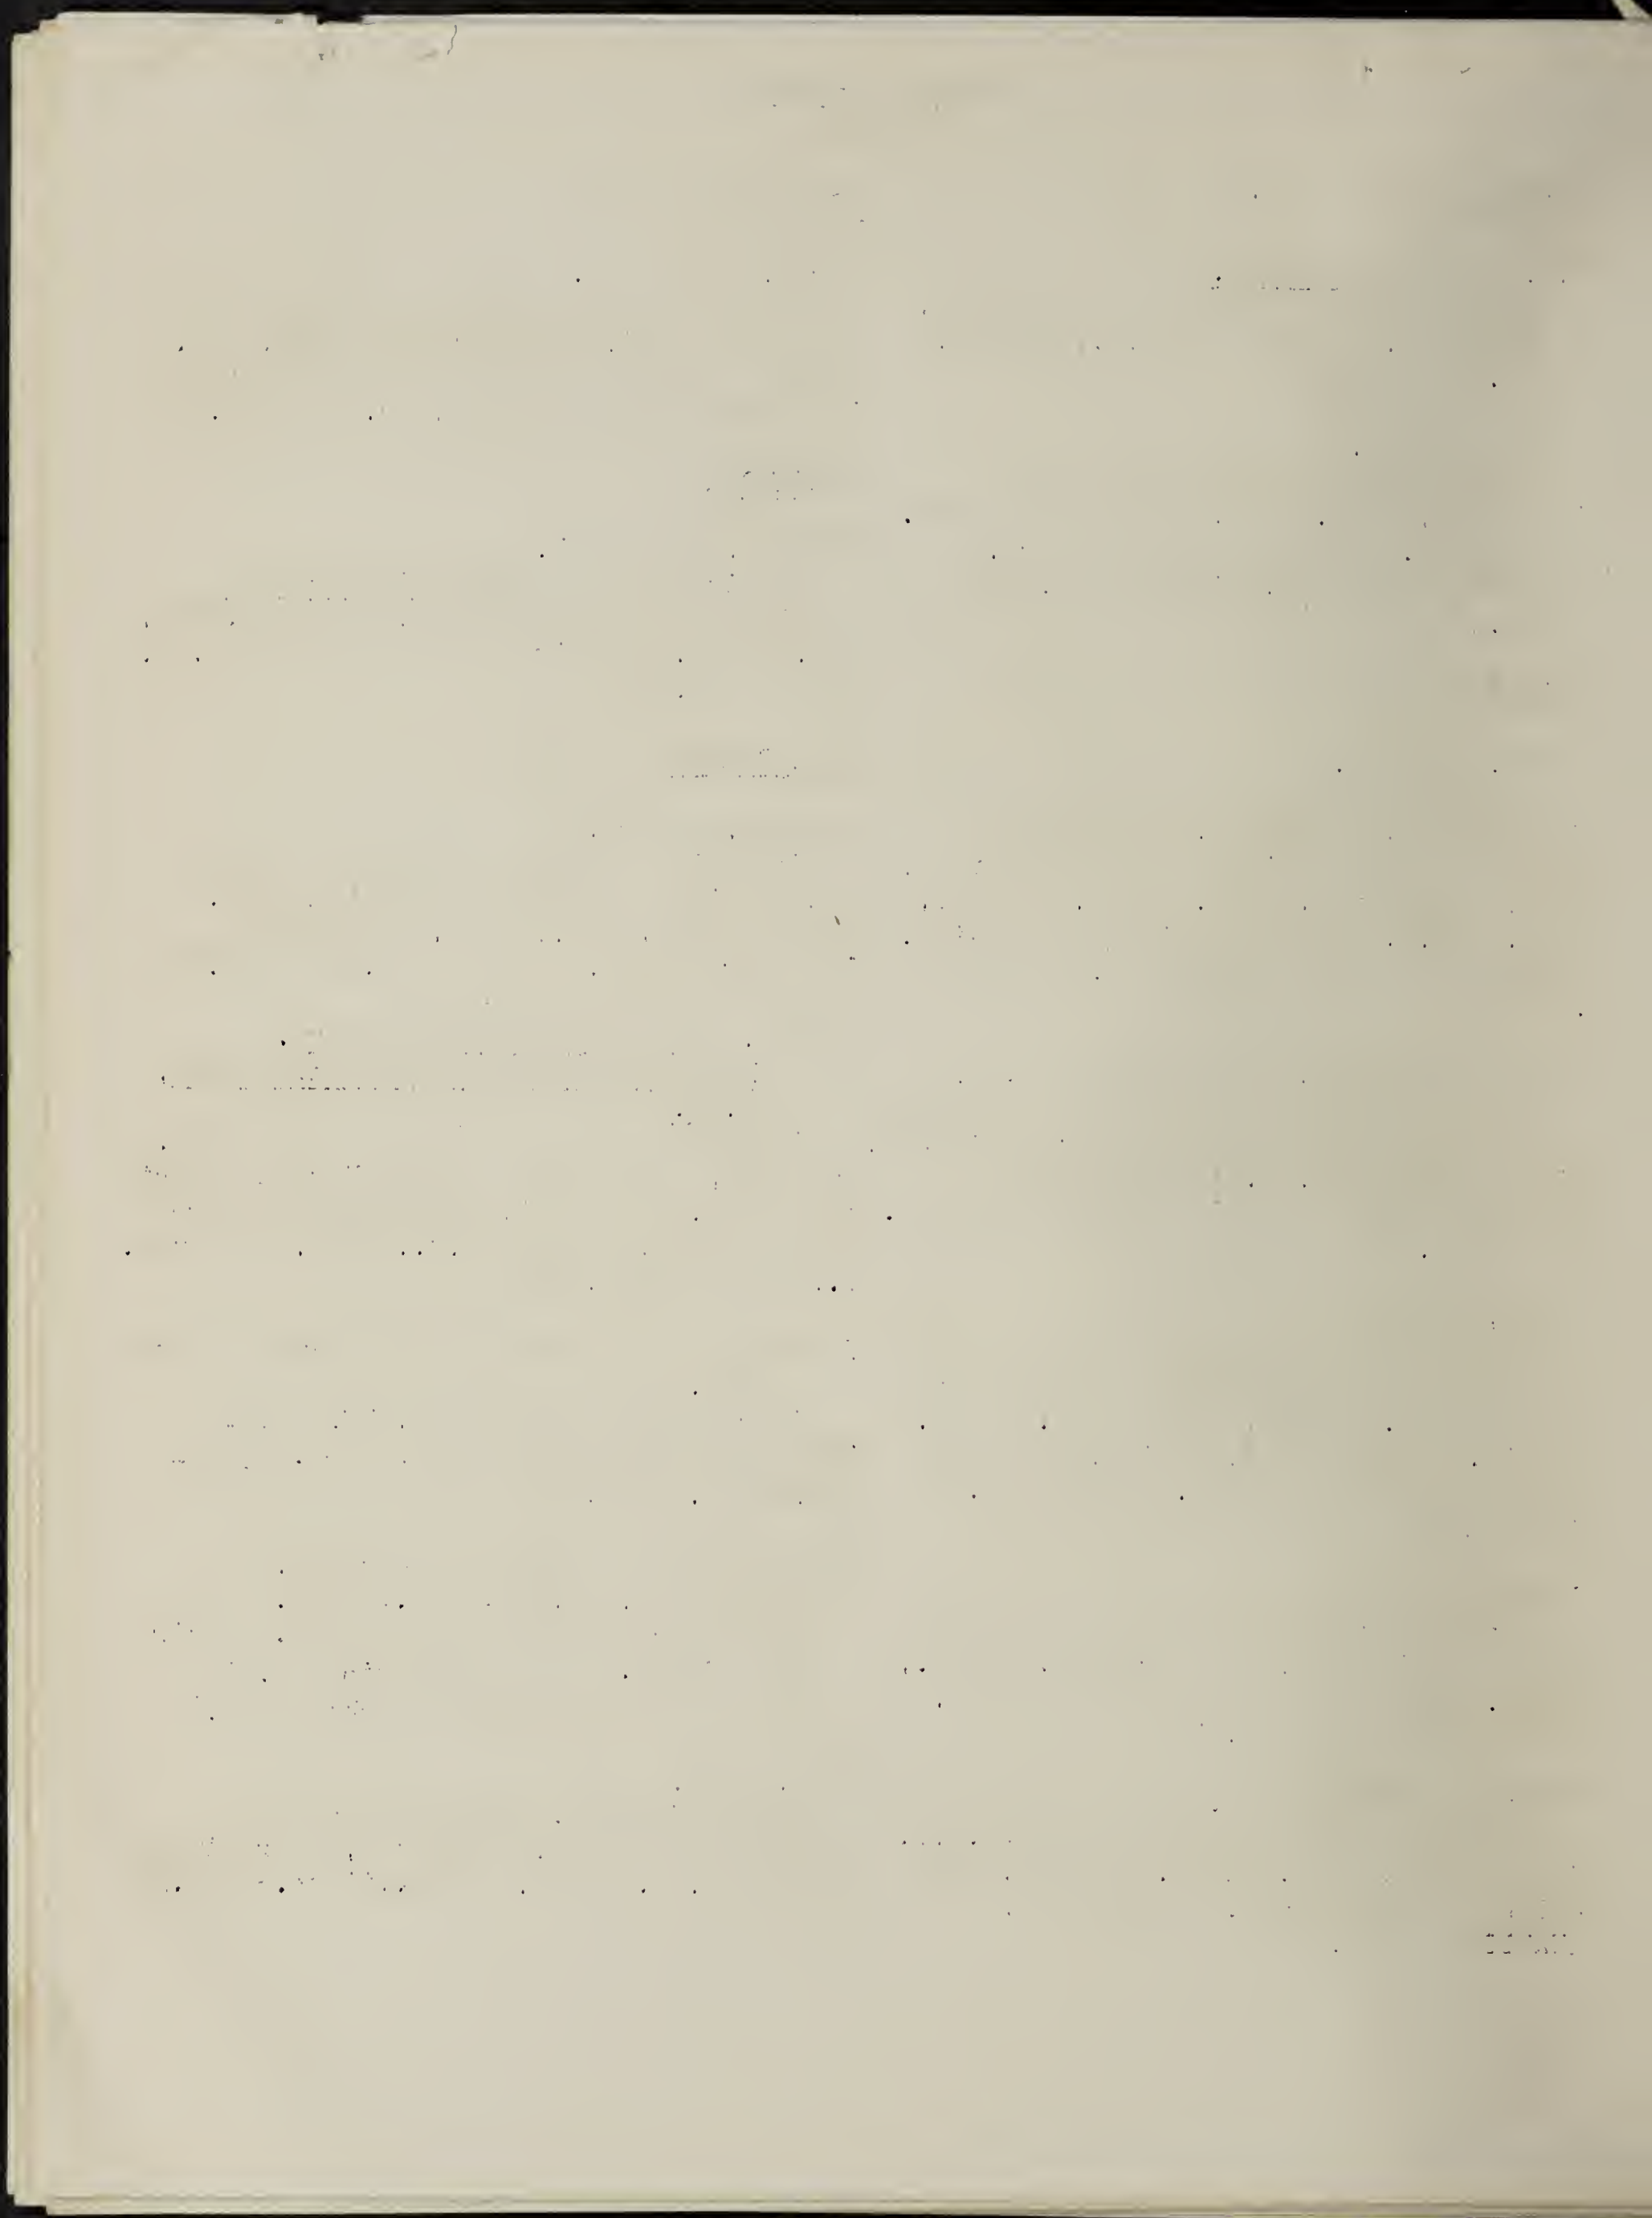

Journal du conseil. Vol. XV, no. 3.
Septembre 1948. Copenhagen, 1948. p. 253-
367, illus. GC1.I67

Propagation of sound in the ocean. New
York, 1948. 53, 117, 35 p., illus.

(Geological Society of America. Memoir
27) QC233.P9 (Contribution no. 415
from Woods Hole Oceanographic Inst.)

Roig, Juan.

Estado del mar, documento para el
pescador deportivo. Barcelona, Serrahina
y Urpi, s. l., 1946. 234 p., illus. SH331.R8

OCEANOGRAPHY (Cont'd)

Stommel, Henry.

Hydrography of the western Atlantic; diffusion due to oceanic turbulence. Woods Hole, 1949. 65 l., illus. (Woods Hole, Mass. Oceanographic Institution. Technical report no. 17) GC1.A8

Thomson, Helge.

Instructions pratiques sur la determination de la salinite de l'eau de mer par la methode de titrage Mohr-Thomsen. Monaco, 1948. 16 p., illus. (Institut Oceanographique. Bulletin no. 930) GC1.I45

U.S. Coast and Geodetic Survey.

Tide tables, west coast, North and South America (including the Hawaiian Islands) 1949. Washington, 1948. 206 p. (Its Serial no. 707) VK741.U6

PALAEONTOLOGY

Melander, Axel L.

A report on some Miocene diptera from Florissant, Colorado. New York, 1949. 63 p., illus. (American Museum novitates, no. 1407) QH1.A14

Simpson, George G.

A fossil deposit in a cave in St. Louis. New York, 1949. 46 p., illus. (American Museum novitates, no. 1408) QH1.A14

Triebel, Erich.

Methodische und technische fragen der mikropalaeontologie. Frankfurt am Main, 1947. 47 p., illus. (Senckenbergische Naturforschende Gesellschaft. Senckenberg-buch 19) QH5.S425

PARASITES

Shaw, James F.

Some parasites of Oregon wild life. Corvallis, 1947. 16 p., illus. (Oregon. Agricultural Experiment Station, Corvallis. Technical bulletin 11) QL757.S5

PILOT GUIDES

U.S. Coast and Geodetic Survey.

United States coast pilot. Atlantic coast, Section D. Cape Henry to Key West. 5th (1948) ed. Washington, 1948. 414 p., illus. (Serial no. 715) VK981.A6

PLANKTON

Massuti, Miguel.

Estudio del plancton del puerto de Mahon en el curso de un ano (1946) Madrid, 1948. 29 p. (Spain. Ministerio de Marina. Instituto Espanol de Oceanografia. Boletin no. 2) SH285.A34

Rose, Maurice.

Un filet automatique pour la peche du plankton en profondeur. Monaco, 1948. 8 p., illus. (Institut Oceanographique. Bulletin no. 933) GC1.I45

PONDS

Davidson, J. Brownlee, & Van Vlack C.

Ponds for farm water supply. Ames, 1940. p. 495-508, illus. (Iowa State College, Ames. Agricultural Experiment Station. Bulletin P17, new series) GB1805.D3

Ponds for livestock watering. Chicago, Ill., Portland Cement Association, n. d. 7 p., illus. GB1805.P7

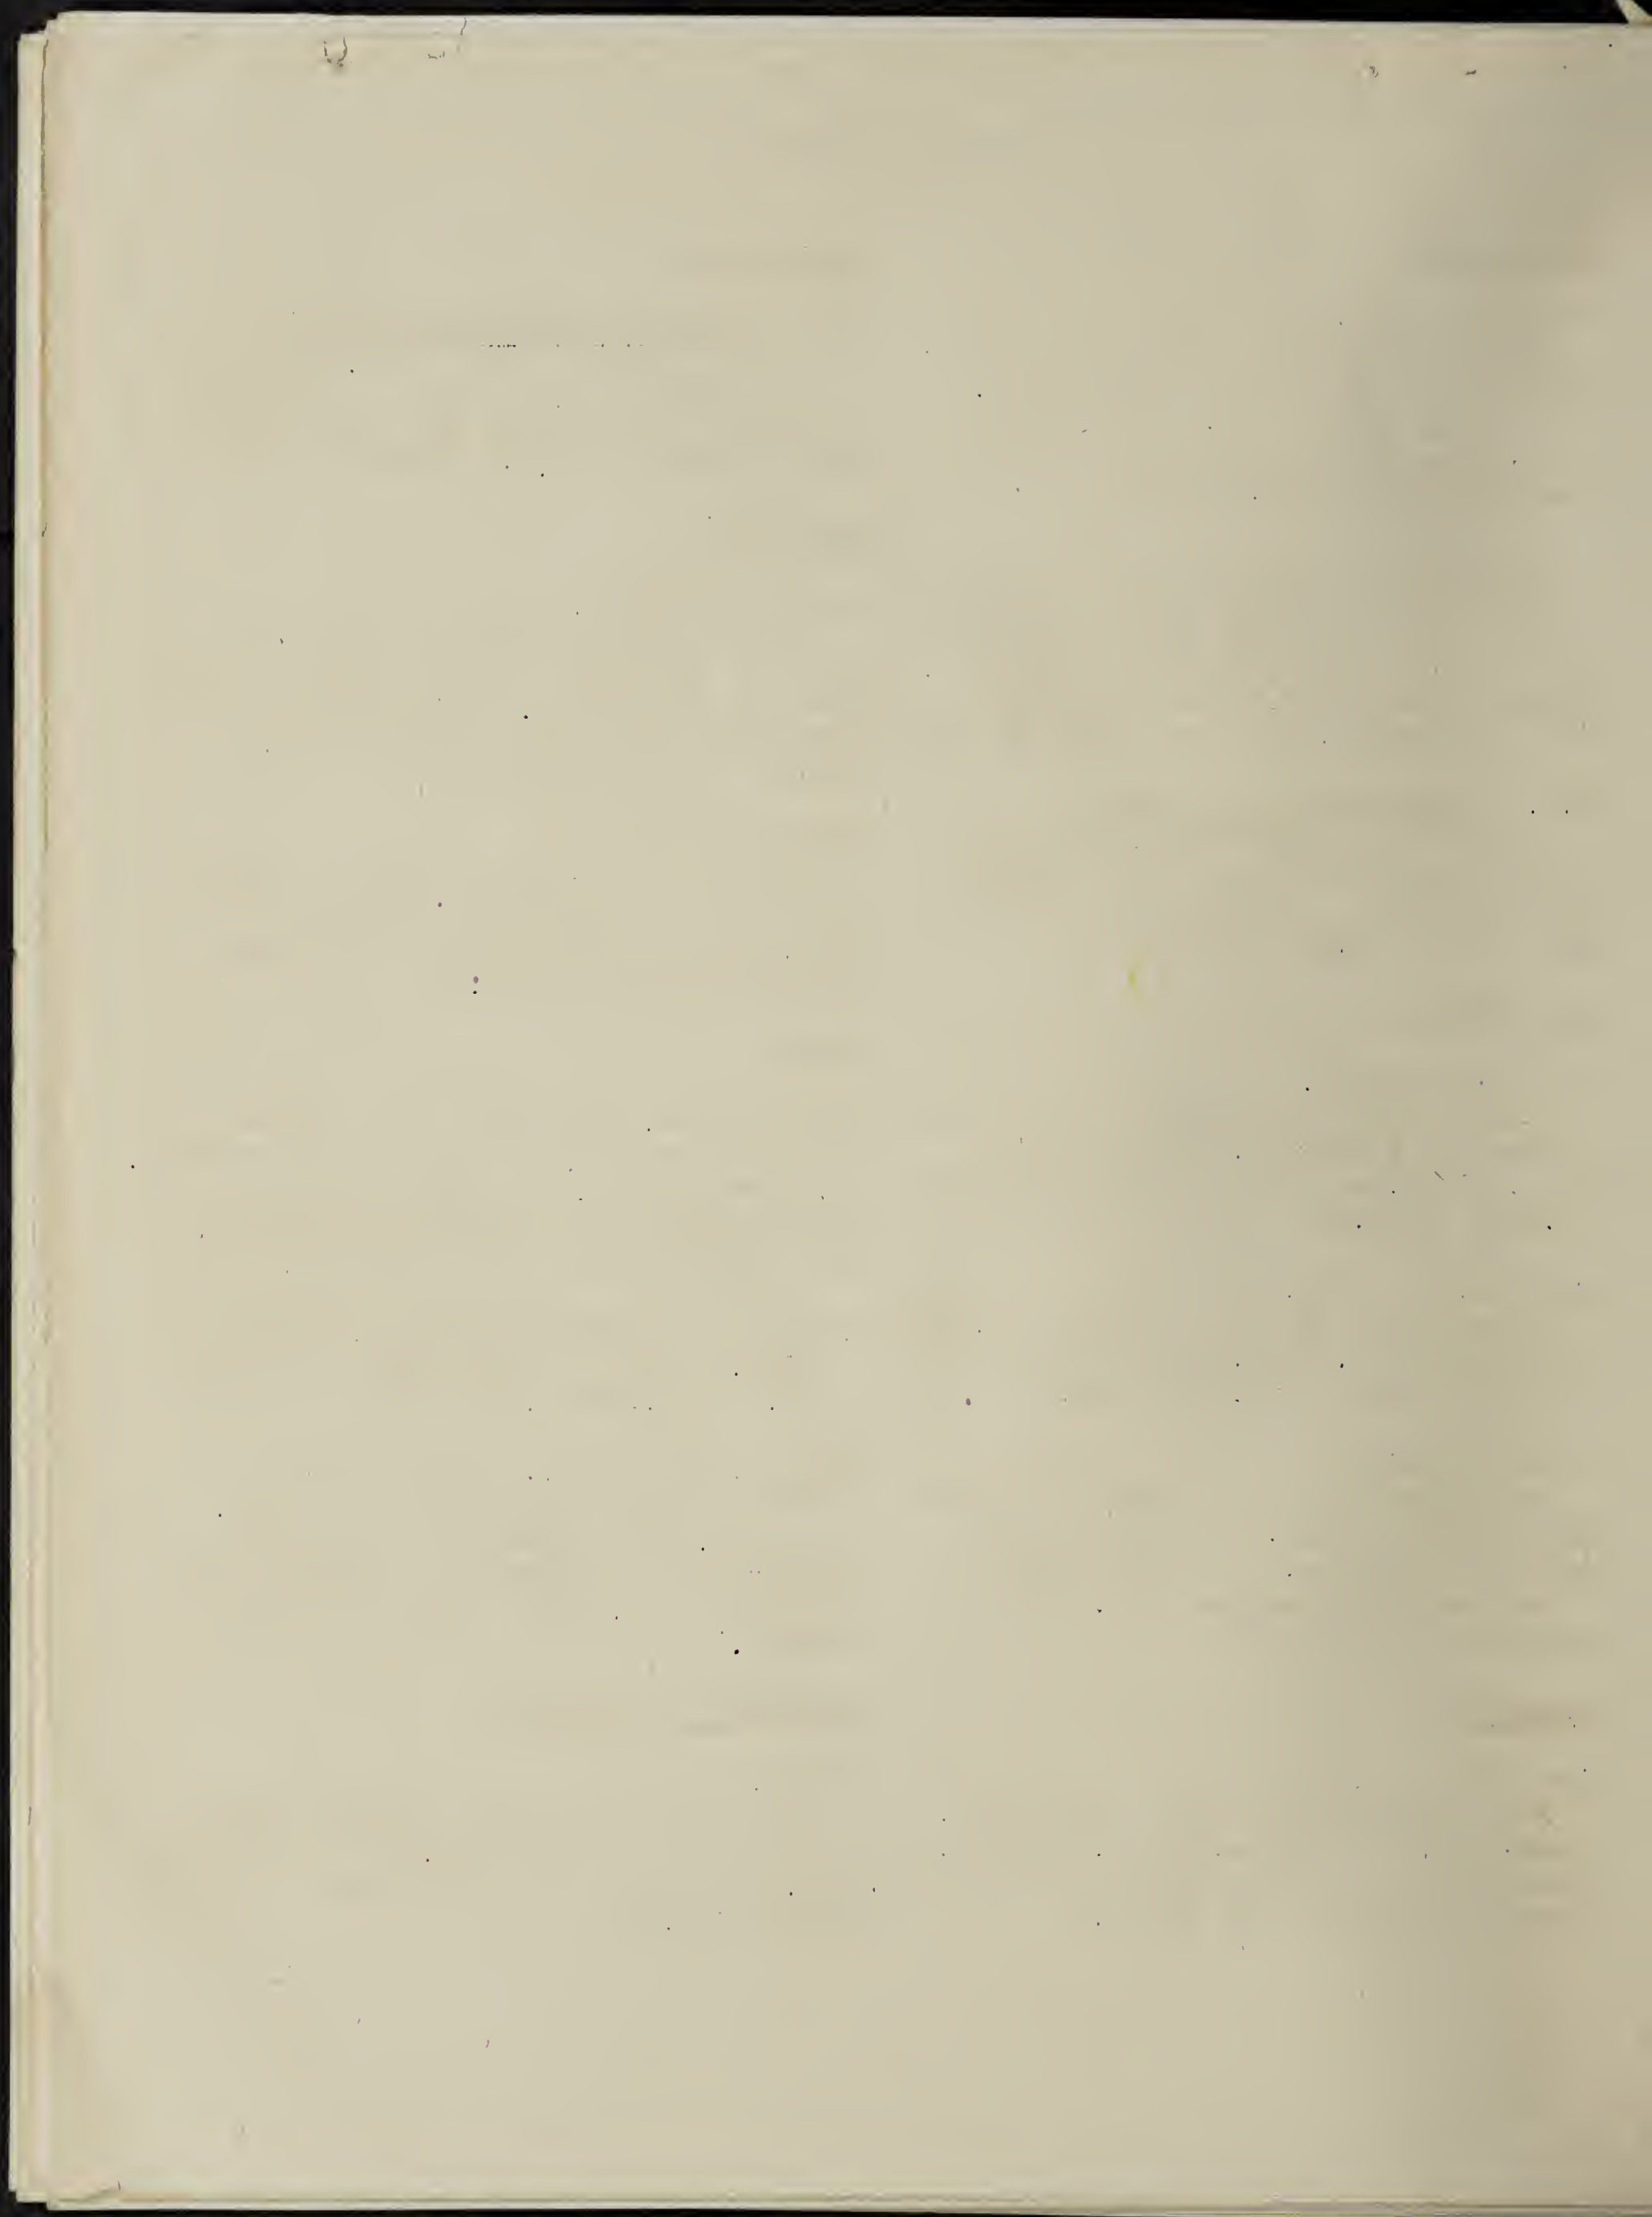

Ricker, William E., & Krumholz, L.

Pond management for Indiana ponds. n.p., n.d. 10 p. SH159.R5 (Indiana Department of Conservation, Division of Fish and Game. Indiana Lake and Stream Survey.)

REPTILES & AMPHIBIANS

Brown, Walter C.

A new frog of the genus Platymantis from the Solomon Islands. New York, 1949. 4 p. (American Museum novitates, no. 1387) QH1.A14

REPTILES & AMPHIBIANS (Cont'd)

Leite de Carvalho, A.

Sobre a validade de Stereocyclops incrassatus Cope, 1871 e Hypopachus Mülleri (Brettger), 1885. Amphibia--Anura, Microhylidae, Microhylinae. Rio de Janeiro, 1948. 13 p., illus. (Boletim do Museu Nacional. Nova serie. Zoologia. n.84) Q33.R65

Orton, Grace L.

Notes on some hyloid tadpoles in Louisiana. Pittsburgh, 1947. p.363-382, illus. (Annals of the Carnegie Museum, vol.30, no.21) AS36.P73

SCIENCE & SCIENTISTS

Academy of Natural Sciences of Philadelphia
Proceedings, Vol. C, 1948. Philadelphia, 1948. 383 p., illus. Q1.A2

Akademia Umiejętności, Krakow.

Bulletin international de l'Académie Polonaise des Sciences et des Lettres. Classe des sciences mathématiques et naturelles. Serie B: Sciences naturelles (I). No.1-10 B I, Janvier-December 1947. Cracovie, 1948. 60 p., illus. AS142.K83

----- Serie B: Sciences naturelles (II). No.1-10 B II, Janvier-December, 1947. Cracovie, 1948. 2 nos., illus. AS142.K83 (B I and B II have articles in English or French)

Comptes rendus mensuels des seances de la classe des sciences mathématiques et naturelles. Janvier-December 1947 & Janvier-Juin, 1948. Cracovie, 1947-1948. 6 nos. AS142.K87 (Articles in English or French)

Chinese Association for the Advancement of Science.

The transactions. Vol. IX., October 1947. Shanghai, 1947. 120 p., illus. Q72.C53

SCIENCE & SCIENTISTS (Cont'd)

Indiana Academy of Science.

Proceedings. Volume 57. 1947. Indianapolis? 1948? 207 p., illus. Q11.I38

----- Index. Volumes 1-50, 1891-1940. Compiled by Roy C. Friesner and George F. Smith, Indianapolis? 1948. 289 p. Q11.I38

Iowa Academy of Science.

Proceedings for 1947. Vol.54. Des Moines, 1947. 393 p., illus. Q11.I 5

National Institute of Sciences of India.

Proceedings. Vol. XIV, no.1-4, Jan.-Apr., 1948. Delhi, 1948. 4 nos., illus. Q73.I3

SHELL-FISH FISHERIES

Chipman, Walter A.

Conditions affecting shellfish production in Lynnhaven Bay, Virginia, and the possibilities of improving them by increasing tidal flow. Washington, 1948. 20 p., illus. (U.S. Fish and Wildlife Service. Special scientific report no. 61) SK361.A287

Massachusetts. Special Commission Established to Make an Investigation and Study Relative to Edible Shellfish and Shellfish Chlorinating Plants.

Report. December, 1947. Boston, 1948. 53 p., illus. (House No.1770. The Commonwealth of Massachusetts.) SH365.H5H5

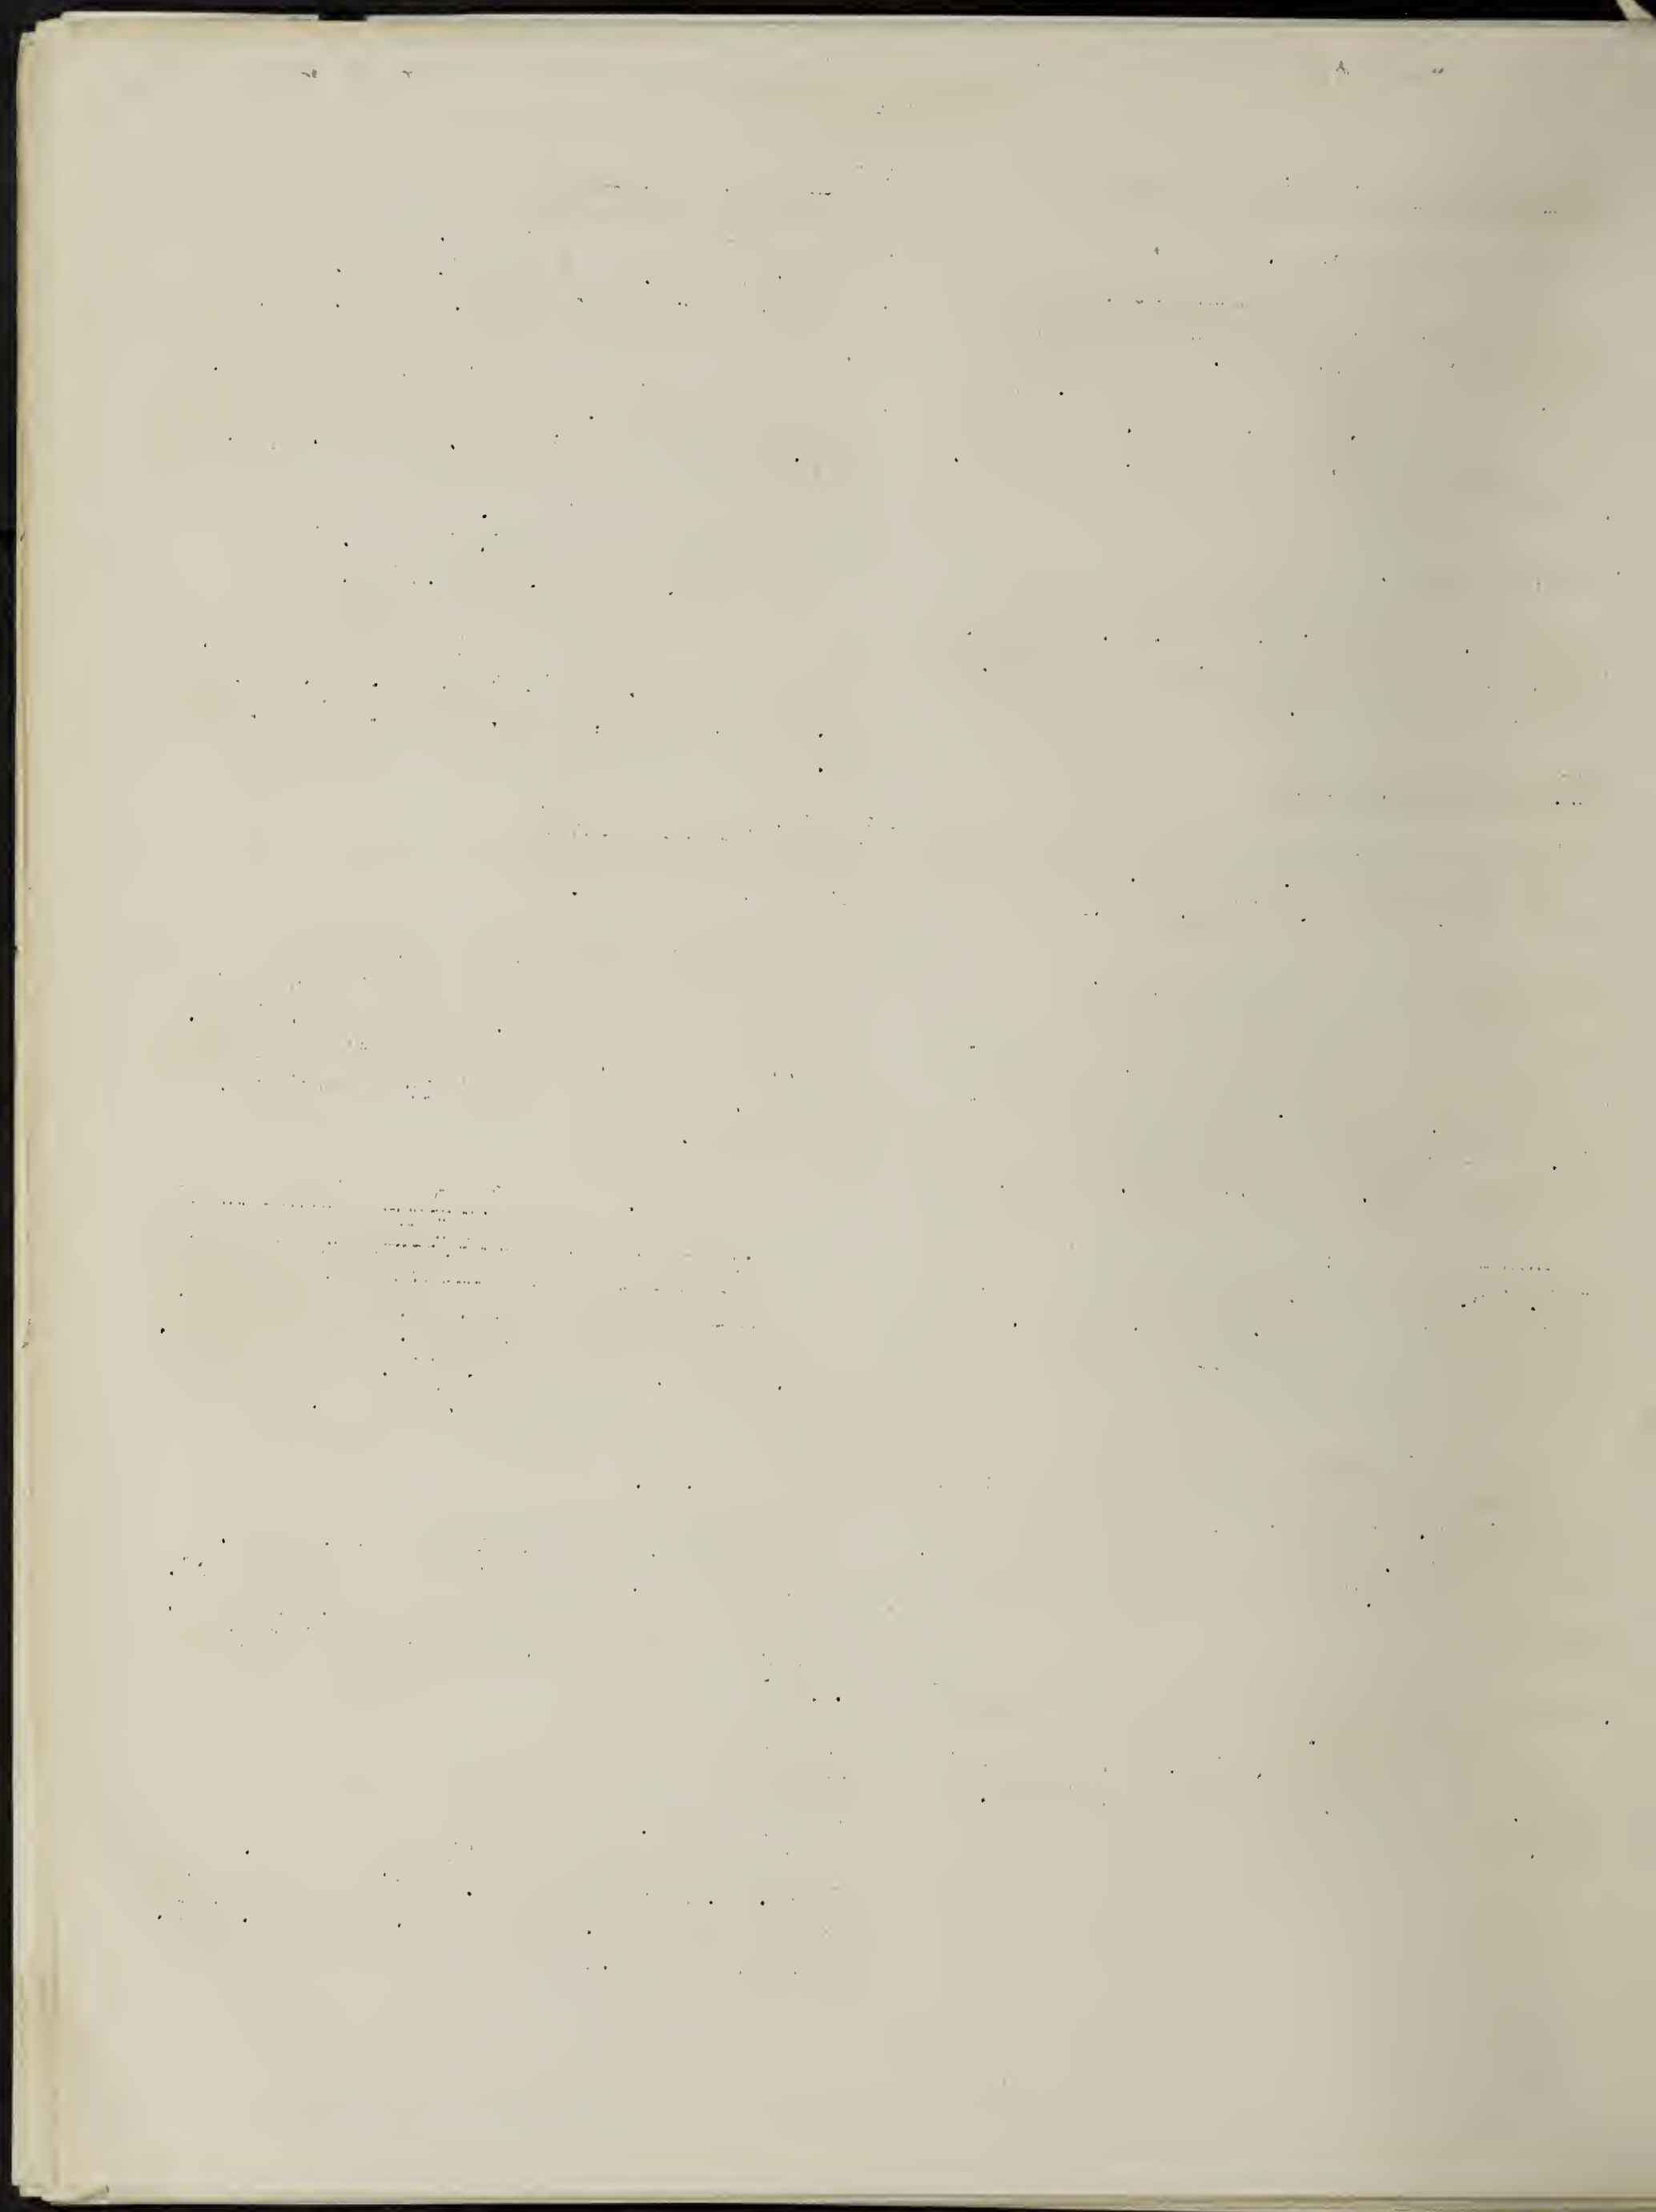

Wilder, D. G.

Protect short lobsters by widening lath spaces. St. Andrews, N.B., 1949. 1 p. (Canada. Fisheries Research Board. Atlantic Biological Station, St. Andrews. General series, no.14, Circular) SH223 .A347

SHELLS

Haas, Fritz.

Three new land shells from Peru. Chicago 1948. p.189-193, illus. (Chicago. Natural History Museum. Fieldiana. Zoology. Vol. 31, no.23) Q11.F4

SPONGES

De Laubenfels, Max Walker.

The order Teratosa of the phylum Porifera--a monographic study. Los Angeles, 1948. 217 p., illus. (Los Angeles. University of Southern California. Allan Hancock Foundation publications. Occasional papers, no. 3) Q115.L83

Topsent, Emile.

Considerations sur les "plasmodies planctoniques d'éponges". Monaco, 1948. 4 p. (Institut Océanographique. Bulletin no. 923) GC1.I45

Treguboff, G.

A propos des larves planctoniques d'éponges. Réponse au Professeur Topsent. Monaco, 1948. 14 p. (Institut Océanographique. Bulletin no. 926) GC1.I 45

TRAPPING

Cook, Arthur H.

Factors to consider in trapping regulations. n.p., 1948. 4 p. (New York (State) Conservation Dept. Fish and wildlife information bulletin no. 1) SK429.A3

TREMATODA

Dollfus, Robert Ph.

L'enigme de Distoma furcatum Brenser enfin exoliquée. Contribution à la connaissance des trematodes des poissons du genre Mullus en Méditerranée. Monaco, 1948. 23 p., illus. (Institut Océanographique. Bulletin no. 928) GC1.I45

WATER

Gt. Brit. Dept. of Scientific & Industrial Research.

Water pollution research. Summary of current literature. Vol. XX, no. 12, Dec. 1947; Abstracts nos. 1529-1665 and Index to Vol. XX & Vol. XXI, no. 1-3, Jan.-Mar. 1948; Abstracts nos. 1-401. London, 1948. 4 nos. TD420.G7A2

WOOD-BORERS

Black, Edgar C., & Elsey, G.

Incidence of wood-borers in British Columbia waters. Ottawa, 1948. 20 p., illus. (Canada. Fisheries Research Board. Bulletin no. LXXI) QH301.C23

ZOOLOGY

Hertens, Robert.

Die tierwelt des tropischen regenwaldes. Frankfurt am Main, 1948. 144 p., illus. (Senckenbergische Naturforschende Gesellschaft. Senckenberg-buch 18) QH5.S425

Ransom, Elmer I.

The woodland book. New York, Howell, Soskin, 1945. 109 p., illus. QL681.R2

Revue suisse de zoologie, annales de la Societe Zoologique Suisse et du Museum d'Histoire Naturelle de Geneve. Tome 55, Fasc. 4 (Nos. 29-32), Decembre 1948. Geneve, 1948. p. 533-674, illus. QL1.R35

Vevers, Geoffrey W.

Animals of the U.S.S.R. London, William Heinemann, 1948. 95 p., illus. QL281.V4

Virginia. Commission of Game and Inland Fisheries.

Game birds, mammals, fish of Virginia. Richmond, Va., 1948. 62 p., illus. QL211 .V5

Library, Fish and Wildlife Service
Rm. 2258-A South Interior Bldg.
Washington 25, D. C.
